*Poe Removals forecast was generated by using the mid-year (as of Oct. 31) POE Removals totals and multiplying by two. Of note, the POE rate of removals is solely dependent on the influx and nature of persons appearing for examination, and therefore will fluctuate.
 ** Regional totals may not equate to overall national total as 986 cases have yet to be assigned to a CBSA office
 While systems-user efficiencies and best practices are being regularly updated, it is believed that the data reflected in this summary is underreported due to ongoing national data integrity challenges.
